TROJAN UPDATE

Home of the Trojans

PRINCIPALS CORNER

By Jennifer Berg

Dear Parents and Guardian,

ISASP (Iowa Statewide Assessment of Student Progress) will be given to grades 3rd-11th in the Spring. The testing dates will be at the end of March. One focus area we specifically look at when we receive the assessment data is the growth rate; mainly the student growth percentile. This measures academic growth even if students are not proficient. Our end goal is for all students to be proficient in each curricula area (reading, math, and science). However, we want students to show continued growth over the years in each area.

Students are not allowed to have their cell phones or apple watches/smart devices with them or on them during the testing period. Please remind your child of this. Students need to get adequate sleep the night before, eat breakfast in the morning, and put their best effort forth on the assessments. We look forward to seeing how well our Trojans do!
